

# Stop Ring

Ø25mm for Boom Stands

Quality of Inspection

Ø 25mm stop ring with knurled fixing screw for limiting vertical travel of Stand Boom. Using a stop ring is a convenient and quick way to reference an alternative working distance when using an additional lens.

Compatible with Inspectis Single-arm Boom Stands and light version of Double-arm Boom Stands.

## Specification:

Size	φ25 (ID) x φ40 (OD) x 16 mm
